Operating Instructions

Your product is shipped completely assembled in one large box secured to a pallet. Check the outside of the box and verify it is in good shape and note any damage. Open the box and verify the contents are accounted for and in good shape. Remove product from the box. No assembly is required.

If any part of the product is damaged; call the carrier that delivered the product and let them know that there was hidden damage to your shipment. Have them make a note on the Bill of Lading and then contact Aqua Creek Products immediately at (888) 687-3552. Take pictures of the damage as they will be needed to file any freight claims.

1) Lock the wheels to prevent the chair from rolling away from you while making a transfer. The lever can be pulled up and locked into place by securing the plastic strap to the snap on the front of the chair. Each lock works independently from the other.

2) To make a transfer into the chair, the left arm lifts up and swivels out to allow for a lateral transfer.
