

SOSecure Swim Diaper Children

This reusable swim brief (undergarment, also known as a Swim Diaper) is designed for children dealing with incontinence.

The garment is designed to be worn next-to-skin under a swim suit. It is intended for bowel containment however, it will protect a certain amount against urinary leakage. It is important to purchase the right size, and keep it as snug as possible using the adjustable closures.

Although designed for swimming, it can be used as a cover for disposable or cloth diapers.

The Swim Diaper's features include:

- High tech stretch polyurethane fabric with soft fleece lining (navy)
- High tech stretch polyurethane fabric with soft jersey lining (light blue, orange popsicle, purple, soft lime, soft pink, sunshine yellow)
- Elastic waist and legs for added security
- Velcro closure with fully adjustable sizing that opens up flat, for ease in dressing and great fit, regardless of body shape.
